Our Vision

- We promote the development of an accessible and inclusive community that respects and values all its members.
- We strive to create a fairer and more equitable society for people living with a disability.
- We aim to provide services and supports that empower people living with a disability, foster their independence, and strengthen their sense of belonging within the community.

Create an Inclusive
Community

OUR Team

Highly Committed

Our staff are dedicated to maintaining high standards of care, ensuring each participant receives the best possible support.

Reliable and Supportive

Our staff are committed to fostering a safe and positive environment for participants, ensuring they feel supported every step of the way.

Compassionate and Caring

Dedicated to providing person-centered care with empathy and understanding.

● OUR Services

Personal Care/ Supports

abbaCare offers compassionate personal care services to assist participants with their daily living activities.

Social & Community Participation

We support participants in joining social activities and community events to enhance their sense of belonging.

In Home Support

abbaCare provides reliable in-home support to help participants live independently and comfortably in their own homes.

Ryley, our wonderful participant from Cairns, made a sweet visit to the office today, bringing smiles and a delicious cupcake!

Our Service Overview

At abbaCare, we offer a comprehensive range of services to help individuals lead independent and fulfilling lives. Our services include support with daily living, specialised housing options, and opportunities to engage in social and community activities. Additionally, we provide 24/7 mental health care and in-home assistance for those requiring extra support.

Supported Independent Living (SIL) 24/7

Our SIL services offer tailored support in a shared or individual living environment, empowering participants to live more independently.

Specialist Disability Accommodation (SDA)

abbaCare's SDA options are thoughtfully designed for accessibility and comfort, creating a safe and supportive home for those with complex needs.

Mental Health Support

abbaCare provides comprehensive mental health support services, including 24/7 access to mental health nurses, ensuring participants receive the care and guidance they need whenever required.

Bringing Our Community Together

- A monthly event where our participants and support workers gather to enjoy a BBQ and have meaningful conversations.
- An opportunity to foster social connections and strengthen bonds within the abbaCare community.
- Encourages participants to engage in a relaxed, fun environment.

abbaCare and Mental Health Support

At abbaCare, we prioritize mental health with comprehensive, around-the-clock support. Our services include:

- **24/7 Mental Health Support:** Available any time, day or night.
- **Mental Health Nurses:** Qualified and compassionate professionals dedicated to high-quality care.
- **In-Home Support:** Flexible options to meet diverse needs.
- **Inclusive and Holistic Care:** Fostering a safe, supportive environment tailored to each individual.

Our commitment is to empower individuals with accessible, professional mental health resources every step of the way.

Overview of DVA Community Nursing

- At abbaCare, we proudly offer a range of in-home and community support programs through the Department of Veterans' Affairs (DVA) to help eligible veterans and war widows/widowers (Entitled Persons) maintain independence and continue living comfortably at home.
- Our Community Nursing services meet the clinical and personal care needs of entitled persons, including veterans and war widows who hold a Gold Card.
- Veterans with a White Card may also be eligible if the condition requiring nursing is recognized by DVA as war-related.
- The goal is to enhance independence, improve quality of life, and ensure positive health outcomes.
- We aim to prevent early hospital or residential care admissions through high-quality nursing services at home.
